

The Upper Dublin Democratic Committee would like to announce our endorsed slate of candidates for the 2019 Primary Election. We are pleased to introduce **Art Levinowitz**, **Michael Henderson**, **Darlene Davis**, **Jeffrey Wallack** and **Robert Kim**. **Art Levinowitz** and **Robert Kim** are current school board members and are running for re-election to focus on equity, excellence and academics. **Darlene Davis** previously served as the Superintendent of the Cheltenham Township School District after a career in education. She is the parent of 2 Upper Dublin graduates and wants to use her 30 years of experience in education to help every student in Upper Dublin succeed. **Michael Henderson** has a daughter at UDHS and his son graduated in 2016. He is a West Point Graduate who served for 10 years in the US Army before beginning a career in operations management in industries including aerospace and pharmaceuticals. **Jeffrey Wallack** has lived in Upper Dublin for 13 years, has 2 children in our schools and is an attorney and the president of the Upper Dublin Education Foundation. Their wealth of experience and dedication to public education will help our great school district continue to innovate and deliver the superior education our children deserve. We will post more information about all of the candidates in the coming weeks. Contact us with any questions and help us introduce Upper Dublin to these impressive candidates.

We would also like to acknowledge the hard work and commitment of our search committee. The Search Committee was composed of volunteers who represent key constituencies of the Upper Dublin School District--including members of the Asian-American Students and Families, African-American Students and Families, and Gender Equity committees, as well as parents of current students and alumni, advocates for students with disabilities, and those actively engaged in the Democratic party. These individuals contributed critical perspectives and skill sets that reflect the rich fabric of our community. The committee worked independently of both the School Board and the Upper Dublin Democratic committee. We appreciate the time they volunteered for the community and their hard work as it enabled our Committee People to learn more about each candidate.
