

**Worried About
Trump's Rule Over Our Democracy?
Our PA Judges Can Protect US
IF WE VOTE IN DEM JUDGES
ON 11/7/17**

Trump Impacts US! And PA Judges Matter!

Some of the cases our PA Judges might hear:

- **Hate Crimes** and Discrimination Happening Here (such as):
 - **The incident in Quakertown** when students yelled racial slurs and threw rocks at Cheltenham High's football team bus
 - **Anti-Semitic actions** –when people urinated on and defaced Synagogues and cemetery plots
 - **LGBT discrimination**
 - **Protests disrupted by violence**
- **Voter Suppression** Cases
- **Gerrymandering** Considerations

Judges are non-partisan but they view cases and the law based on their experience and world view. Think about Gorsuch, Thomas and others!
